

# QA01 QUALITY POLICY

**Cedenco Foods New Zealand is dedicated to providing products and associated services that meet the quality specifications of all our customers. EVERY member of Cedenco Foods can contribute to the quality of our products.**

## To meet this commitment Cedenco will:

- Manage quality through an effective “Quality Management System” accredited to the ISO9001:2008 International Standard and NZFSA Exemption
- Maintain and develop our approved HACCP based Food Safety programme
- Review the Quality Policy as part of Strategic Planning and will align this policy with the Business Intent of the company.
- Define our quality according to identified and mutually agreed customer needs.
- Commit to continually improve our products, processes and services.
- Insist that suppliers conform to our quality standards.

## This will be achieved by providing:

- Documented policies and procedures to ensure consistency of the products and services
- Systems for monitoring effectiveness and identifying improvement opportunities.
- Clear descriptions of staff roles and responsibilities.
- A framework for all staff training activities.
- Promoting Quality ownership through all areas of Cedenco Food New Zealand.

Cedenco Foods Management is committed to providing the funding, human resources, and decision making authorities that will allow the company to implement this policy.
